UKSPF - Shared Prosperity Fund

UKSPF aims to level up the whole of the UK by building pride in place, supporting local businesses and people, and skills.

Course aim

In a tutor led environment learners will be able to begin or re-visit their dressmaking journey. This course encourages learners to become familiar with using a commercial pattern, copying and tracing from multi - patterns. Focus is on building learners' techniques to enable construction of a simple garment. In part one sewing projects include a 'Japanese style wrap apron' and pull-on pants or 'PJ' bottoms. These projects will enable the learner to experience a range of techniques from choosing the right size to make, fabric choice, cutting out and basic finish. In addition to using a sewing machine learners will explore some hand sewing techniques to enable a good finish. We will be using patterns from Lotta Jansdotter Everyday Style: Key Pieces to Sew + Accessories, Styling, and Inspiration.

Course outcomes

- a) Use a commercial pattern to construct a garment (pattern tracing/copying)
- b) Cut out a garment using a napped fabric (e.g. one way design/needlecord)
- c) Construct samples (flat and French seams, casing)
- d) Recognise the haberdashery required to complete a garment (zip options)
- e) Use the correct finishing processes to complete a garment (hem variations as demonstrated)

How will the course be taught?

In a face-to-face tutor led environment. Demonstrations, 1:1, handouts, practical work and product samples.
