UKSPF aims to level up the whole of the UK by building pride in place, supporting local businesses and people, and skills.

Course aim

The aim of this course is to equip learners with the essential IT skills and digital literacy necessary to effectively navigate the modern job market. Through two practical sessions and hands-on-activities you will develop proficiency in using various online tools and platforms to improve your job search, create CVs and use social media to find career opportunities. By the end of the course you will feel empowered to confidently use technology to identify job openings, apply for positions and present yourself in a professional manner.

Course outcomes

- By the end of the course you will be able to efficiently use online job search engines and company career portals.
- By the end of the course you will have basic skills that will allow you to create a professional CV.

How will the course be taught?

This course will be taught face to face over two weeks. One lesson a week each being 2 hours.

Could I gain a certificate?

This is a non-accredited course, therefore you will be able to achieve a certificate of completion from Northants Adult Learning.

What do I need to bring / have ready?

All equipment will be provided however it is recommended that you bring a pen and paper to make any notes that you may find useful in the future.
