Tutor:	Miss Ibolya Novak

What will I learn?

During this course you will develop a basic understanding of AI, including its applications in various industries, fundamental concepts like machine learning and neural networks (explained simply), and ethical considerations.

The course is designed to ensure that you will get hands on experience with simple AI tools and platforms.

What will I need to take part?

You may choose to bring a notepad and pen to record notes if you would like.

What to expect

This course is delivered in a face to face setting. The course is ideal for anyone with limited understanding of Artificial Intelligence (AI) currently but holds an interest in the area or is keen to learn more about it for personal or professional growth. Each session will explore different aspects of AI that will deepen your understanding and allow you to leave feeling more confident about how you might be able to utilise it in life or work.

Where can it lead to?

After completing this course you may decide to explore some of the other digital courses hat we have available both around the topic of AI or other areas of digital skills. You may also
decide to seek a qualification to help show your digital skills knowledge through one of our accredited skills courses.

Course eligibility and fees

This adult learning course is available to residents of Northamptonshire who are:
- aged 19 or over on 31st August in the funding year
- living in England, outside a devolved adult skills funding area.
- ordinarily resident in England on the first day of learning.

If you don't meet the above requirements, including some international students or people not ordinarily resident in the UK, you will not be able attend this course.

Asylum seekers may be eligible to attend in some circumstances, including where they have lived in the UK for 6 months or longer while their claim is being considered, or where they receive certain types of local authority support.

Northamptonshire Adult Learning Service work in partnership with National Careers Service advisers who can provide information, advice and guidance on skills, learning and work.
