Course Description

Design and make a bag using textile materials. Learners begin by identifying the size and use they want their bag to be, e.g. evening, laptop, shopping bag etc. When happy with design, make a paper model, later used to create a cutting template, learning basic pattern cutting. Construct bag using a sewing machine.

Course Outcomes

- a) Design a bag to meet learner's requirements
- b) Make a cutting template
- c) Learn how to calculate quantities of fabric & components required
- d) Be able to select fabrics appropriate to the design understanding how fabrics are made
- e) Construct bag including zips and button holes as per the design

How will the course be taught?

Demonstration 1:1 tuition handouts and practical work. Samples to inspect. Peer discussion.
