Learn2b

Learn2b specialises in supporting people's recovery from mental health difficulties through learning and education. Learn2b is not therapy and the courses can run alongside any other form of help, support, education or training learners may be receiving. Learners are at the heart of every session; we recognise that some days we can feel unmotivated or low, and we accept that is okay. By attending our courses, people soon learn that they are not on their own; they will discover that other people experience similar things to themselves and find some common ground, often leading to a peer to peer support network. If you are new to Learn2b you will be contacted by our Learner Support Advisor to have a brief conversation with you prior to enrolling on to the course.

Course aim

Combine the process of paper folding with your choice of art technique to create your own mini-accordion art book.
