Course aim

The aim of this qualification is to provide learners with the knowledge and understanding essential to the health and social care sector. This course will provide you with a good understanding of the health and care environments and develop the skills needed for a career within this sector.

How will the course be taught?

This qualification is ideal for learners looking to work within the health and social care sector. You do not need to have previous experience or qualification in working within health and social to undertake this qualification. The topics that you will be studying include

- Working in health and social care
- Equality, diversity and rights in health and social care
- Communication in health and social care
- Safeguarding and protection in health and social care
- Human growth and development
- Nutrition for health and social care
- Mental health and well-being

There will be a work placement opportunity for you to observe and gain experience in a variety of care environments such as day centres, nursing and residential homes and drop-in centres, working with people of various ages with a variety of care needs. We recommend you complete at least 30 hours whilst undertaking this qualification to aid learning. This will mean a clear DBS needs to be obtained.

All units will be internally assessed using a range of methods. Knowledge-based outcomes can be assessed using non-mandatory assessment tasks (provided in this specification for Tutors' convenience).

Could I gain a certificate?

This course is accredited by the awarding body NCFE CACHE. On successful completion of all elements of the course, you will receive a Level 2 certificate.

What do I need to bring / have ready?

All our learning resources are available on our online platform Google Classroom. However, you may wish to bring a pen and notepad to make notes.

If this is an online course, a laptop, PC or tablet and a stable internet connection will be needed.
