Start Time: 7:00PM  
End Time: 9:00PM  
Day: Wednesday  
Sessions: 10  
Tutor: Miss Sam Peel

### Course aim

To use the camera beyond basic Manual, Aperture Priority and Shutter Priority settings and putting them to use with a series of advanced learning tasks; editing where needed.

### Course Outcomes

- A) Set your camera up independently
- B) Learn about set filters and landscape photography
- C) Develop knowledge for depth of field and still life processes
- D) Develop portrait photography by using natural light and shadows
- E) Learn set Photoshop elements to enhance your photography
- F) Learn about blue lighting and taking sunset/sunrise photography
- G) Develop flash photography skills

### How will the course be taught?

By demonstrations/explanations and 'doing'. This is a practical course but some editing will inevitably be needed.

### What do I need to bring/ have ready?

A Digital SLR, Tripod, flash unit, and if you have filters and a means to take close up images this would be good though not essential. A memory stick for editing purposes.

### Further support and progression
