## SDE2DA04 - Silver Jewellery Making Part 1 & 2

### Delapre Community Rooms

Delapre Community Rooms  
Alton Street  
Northampton

NN4 8EN

**Room** Delapre Community Rooms

Start Date: 01 March 2022  
End Date: 29 March 2022  
Start Time: 10:00AM  
End Time: 12:30PM  
Day: Tuesday  
Sessions: 5  
Tutor: Mrs Katherine Richmond

### Course aim

This course is designed to introduce you to a variety of fundamental jewellery making skills when working with silver, and is suitable for complete beginners and those with some experience of silver jewellery making. You will be guided through the steps to make a range of silver jewellery items, including rings, pendant, earrings and simple chain making. You can expect to leave the course with at least 3 finished items and will focus on developing skills in measuring, cutting, filing, texturing, forming, soldering and finishing.

### Course Outcomes

1. Use jewellery making tools and equipment to create a range of interesting surfaces on the metal
2. Make a piece of jewellery to include a simple stone setting
3. Pierce metal safely and accurately to create shapes and patterns
4. Form and solder the silver to create permanent join
5. File and polish the silver to achieve a professional finish
6. Apply design development methods to create your own bespoke designs

### How will the course be taught?

The course will be taught through practical demonstration, 121 support, individual projects, handouts and group activities. It is a practical, hands on course where you will be able to explore using the wide range of tools and equipment used to make silver jewellery and use them to create your own designs. Examples will be shown and you will also refer to designer's work for inspiration. A small amount of optional homework will be set each week to enhance your experience of the course and develop your design skills.

### Could I gain a certificate?

At the end of the course you will receive a certificate of completion from your tutor.

### What do I need to bring / have ready?

All tools and resources will be provided, however if you do have your own tools you can bring these with you. Make sure that any tools you bring are clearly marked with your own initials. Please bring an apron with you if you have one, tie long hair back and avoid wearing loose clothing and open-toed shoes. You will be working on a small scale so it is advisable to bring your glasses with you. Sometimes reading glasses are not suitable for close-up work, however your local supermarket will often supply some off the shelf glasses that will be more effective. Magnifiers will be available to use should you need them. Hand dexterity is also required to manipulate the materials. A notebook and pen is useful to take notes.

### Further support and progression

If you need help whilst on a course with us, our Learner Support Advisor is available to discuss your needs. We offer a range of services, subject to eligibility, which can include practical support and/or financial assistance to ensure you feel fully supported while learning with us. For more information contact [alsreferrals@northnorthants.gov.uk](mailto:alsreferrals@northnorthants.gov.uk) or call 01604 368023 (answerphone available). Visit our website [www.northamptonshire.gov.uk/course-info](http://www.northamptonshire.gov.uk/course-info) for further information about our fees and concessions. Your tutor will inform you of further learning opportunities and progression during your course.

### Health & Safety / Online Safety

When you enrol, please let us know if you require additional personal support to participate in this course. Your tutor will give you information about Health and Safety on the first day.
