Give your drawing and painting skills the opportunity to grow in this inspiring intermediate course. Designed for learners who have already completed a beginner-level class, this 10-week course will help you develop greater confidence, refine your techniques, and explore a wider range of artistic approaches.

Working with a variety of drawing and painting materials, you will build on existing skills through guided projects, observational studies, and life drawing sessions. Develop your understanding of tone, colour, composition, and proportion while working towards creating more accomplished and expressive artwork in a supportive and encouraging environment.

What will I need to take part?

Your tutor will contact you by email with a resources list before the start of the course
