

XOA8XR38 - Family Maths

Course Description

To find out more ways to support your child's maths skills.

Course Outcomes

- a) To explore how to help your child develop their maths skills. (SLd/E3.1 - Follow and understand the main points of discussions on different topics)
- b) To apply maths skills in everyday situations. (N1/E3.9- Use and interpret symbols in practical situations for solving problems)
- c) To develop your maths skills. (SLlr/E3.1 - Listen for and follow the gist of explanations, instructions and narratives in different contexts)
- d) To gain new skills, knowledge and confidence in a positive learning environment.

How will the course be taught?

The course will be taught with lots of practical elements including group, paired and individual work.

Could I gain a certificate?

You will gain an Adult Learning Service certificate for attending the course. If you are working towards a recognised qualification and you are successful then you will gain a certificate from the relevant awarding organisation.

What do I need to bring?

You may wish to bring your own pen and notepad and a folder for handouts is useful.

Health and Safety/ Online Safety

Your tutor will give you information about Health and Safety on the first day. For information on how to keep safe online go to https://safety.lovetoknow.com/Internet_Safety_Adult and <https://takefive-stopfraud.org.uk/> national awareness campaign. To report suspected scams, or get help and advice about preventing scams call the Citizens Advice consumer helpline on 03454 04 05 06.

Further Support or Progression

Please let us know if you require additional personal support to participate in this course. This course is a good foundation for Family Maths Module 2 which can lead to a City and Guilds Functional Skills Maths qualification, if appropriate. Information and advice on further learning and progression will be available during the course.
