Course Description

To develop your confidence and skills with Maths and gain a City & Guilds certificate at the level appropriate to your learning.

Course Outcomes

- Understand and apply Maths in everyday situations.
- Recognise how to use a variety of methods to improve maths skills.
- Prepare for a Functional Skills qualification in Maths at the appropriate level.

How will the course be taught?

The course will be taught with lots of practical elements including group, pair and individual work.

Could I gain a certificate?

This course may lead to you working towards gaining a recognised City & Guilds qualification in Maths.

What do I need to bring?

You may wish to bring your own pen, pencil, ruler and calculator but resources will be available for the duration of this course from the tutor.

Health and Safety

When you enrol, please let us know if you require additional personal support to participate in this course. Your tutor will give you information about Health and Safety on the first day. For information on how to keep safe online go to https://safety.lovetoknow.com/Internet_Safety_Adult and <https://takefive-stopfraud.org.uk/nationalawarenesscampaign>. To report suspected scams, or get help and advice about preventing scams call the Citizens Advice consumer helpline on 03454 04 05 06.

Further Support or Progression

We offer learning support, if required. You will also find out about further learning opportunities and careers advice and guidance as appropriate through this course.

Please let us know if there is anything we can do to help and support you on this course, or if you need help to understand our fees or concessions. You will find out about further learning opportunities and progression information during this course. Further information can also be found here:
